New Website Launch!

Working with a top-notch website developer, we have revamped our website to make it better for our patients!

After a few years, we realized that technology has moved leaps and bounds beyond what

we had designed for our previous website. In order to improve our site's accessibility, we decided to go for a complete redesign. We have updated our Book club and we now have an events blog! Let us know what you think and if you have any suggestions! Check us out at www.gerleinortho.com!
